

# HW Mountz Lego Mindstorms

## Coding and Robots Grades 4 - 8

*Join us for Coding and Robots. Kids will participate in a special program tailored to expand their interest in technology. Robots are a fun way to introduce children to the world of coding. Discover the magic of bringing your robot to life. Collaborate with team members to develop interesting robots capable of completing cool missions using Mindstorm and EV3 programming software. This program, although it is based on fun, is best suited for children with an interest in coding who can focus on a project for 45 minutes.*

### *Logistics:*

- *Monday: 3.20, 3.27, 4.3, 4.10, 4.24, 5.1*
- *3- 4:15 for Coding and Robots*
- *Six sessions for \$155*
- *Learn more and register [www.communitybrickworks.eventbrite.com](http://www.communitybrickworks.eventbrite.com)*
